Comments:

IMPERATIVE: IF YOU HAVE A TECHNICAL SHEET, PLEASE JOIN IT TO THIS FORM.

IMPORTANT : The expendables (filters, adhesives...) are payable by the company. As far as possible, the Festival meets the company's technical demands, however the use of specific material (videoprojector, instruments, microphone HF, stroboscopes, HMI, smokemachine...) can be taken care of the company if the Festival can't provide the required material. For these flying electric wirings, please comply with the current standards.

The Festival doesn't take in charge the translation and surtitles and can't put specific employees at your disposal for this task.

Concerning the scenery units, it's essential to send the bill of the used materials and their fire classification to the Festival, in order to make up a file for the Security Commission.

LE FESTIVAL S'EXPORTE

It is the decentralization of the shows in the department's towns and in Belgium.

Would you like to take part to the decentralization of the Festival? Yes No

If yes, please give us your dates of availability between the 13th of September and the 22nd of October 2021:
